社會運動의統一問題

一

團結이弱者의武器어라는것을理智的으로는 千萬이나是認하면서 實際에잇서서는 몰이어無用한反目或은分裂의 狀態를繼續하고잇는것이 社會運動線上 一大缺陷이다 萬國의勞働者여團結하라는標語를 자못白熱的인感激으로써 遵守하는것이 列國의自覺한無産勞働群들의 거짓이업는事實임에도不計하고 勞働階級의 國際的協同은아즉도 그實現을보기어려운狀態이다 和蘭의『암스텔담』에本據를둔第二『인터내쇼날』과 『모스크바』에本部를둔第三『인터내쇼날』의對立의持續가튼것은 그의가장適切한實例이다 그러나社會民主主義를主張하는前者와國際共産主義를高調하는後者가서로對立하야合同되지안는것

The Korea Daily News.

Seoul, Korea, Wednesday, Feb. 24th, 1926.

YOUNG MEN OF INDIA.

Two young men are coming from the country of Shakamuni, of Tagore and of Gandhi. They are coming from the country of everlasting summer. Two young men of the South are visiting the North.

Young men of India. The Korean young men welcome you with their open arms. Your brave attempt is quite inspiring.

We, Koreans, have been admiring your country on account of Buddha, of Tagore and of Gandhi. We have love and sympathy for India because of our common cause. Young men of India. We, Koreans, pray for the people of India. The warmth that you bring to us from India shall be felt deep into cur hearts. O, messengers of the country of the everlasting summer! We trust that you will bring the message that the spring is to come here even in Korea. "If winter comes, can spring be far off?" We know that you will tell us the morning sun is to shine on our homes and our land.

Young men of India. We have numerous questions to ask of you. Who have shattered the peace that reigned in your land of palm trees? They sneaked into your land like snakes and foxes to deceive you and have driven you out of your own homes and now they are treating you as their guests and worse yet, as beggars.

Young men of India. How can you remain long under such wicked swindlers? They have startled when you rose up to shout. Let them tremble before your feet! Young men of India. We can't help but praise your brave attempt, cycling around the wide world. Remember us, the Koreans, to your folks upon your safe arrival at home. Everywhere, you will find cooperation in your movement, "The Revolt of the East", from the other oppressed nations.
